PERSONALIZED PORTRAITS

and it's all done with

LIGHTS!

There's magic in lights . . . add a light here, place a spotlight there, and your portrait takes on the appearance of real form and individuality.

Your Vantine photographer knows how lighting effects can be best used . . . How easily they can reflect your personality.

Your Vantine photographer knows best how to secure the sharply etched photograph your engraver desires of the important senior year. . . . The victories of the athletic teams. . . . The brilliance of social occasions. . . . The Prom. . . . The plays. . . . The debates. . . . The expression of everyday life on the campus.

That personalized portraits by Vantine are important is attested to by the fact that over 300 schools and colleges repeatedly entrust their photographic work to Vantine.
